AFUE = Annual Fuel Utilization Efficiency | ECM = Electronically Controlled Fan Motor | EF = Ener

<sup>1</sup> Existing natural gas furnaces only, boilers are ineligible. Limited to one rebate every five years. Effective January 1, 2016.  
<sup>2</sup> ENERGY STAR tank type natural gas water heater with EF of .67 or greater.  
<sup>3</sup> ENERGY STAR tankless natural gas water heater with EF of .82 or greater.  
<sup>4</sup> Installed by a contractor at time of qualifying natural gas furnace or boiler installation.  
<sup>5</sup> Contractor-installed or self-installed, must control a natural gas heating and/or air conditioning system. Qualifying Wi-Fi-enabled thermostats include thermostats connected through Wi-Fi, cellular frequency.  
 \*Equipment must be installed between September 1, 2017, and November 30, 2017, and rebate December 15, 2017, to qualify for the limited-time increased rebates.

To be eligible for rebates, natural gas furnaces and boilers must be Air Conditioning, Heating and Cooling (A/C, H&C) ENERGY STAR approved. All eligible equipment (except Wi-Fi-enabled<sup>5</sup> thermostats) must be installed by a contractor who has provided you with either a Federal ID (tax) number or a Certificate of Insurance.

Click [here](#) for a printable version of the qualifying equipment list.

To apply for a rebate, please complete, print and sign our [online rebate application](#). You can also call 1.800.995.9525, and ask for a rebate form to be mailed to you. Rebates are processed in the order received up to 4 to 6 weeks for processing. Please read the Terms and Conditions found on page 3 of the rebate application.
